STERLING'S ANNUAL CATALOG

TO MY FRIENDS AND PATRONS:—

Please accept this, my annual catalog, with my best wishes for a happy and prosperous season. I want to thank each and every one who helped to make last year the busiest year we ever had, keeping two of us busy putting up seeds about every minute of the day throughout March and April. But we enjoyed it and hope to receive your orders again this year and perhaps some from your friends and neighbors as well. We are better equipped than ever to handle your trade, having doubled our floor space, and added much light to our rooms. We will be very glad to see you or hear from you as the case may be. All questions are cheerfully answered and information given as far as we are able.

Here are our Specialties:

Burpee's Seeds for Field, Garden, Lawn and Flower Bed.

Nungesser Dickinson Seed Co.'s Grass, Clover and Alfalfa Seed.

Comstock Ferre's Fordhock Bush Limas, Peas, Beans, etc.

Kroemer's Large Early Erfurt Cauliflower Seed.

Wibolt's Express Snowball Cauliflower Seed.

Sterling's Brussels Sprout Seed.

Onion Sets of all kinds.

Mary Washington, Martha Washington, and Washington Asparagus Roots and Seed.

Premier and 20 other kinds of Strawberry Plants.

Cold Frame and Hot Bed Plants.

Pride of Vermont Seed Potatoes.

Prince Edward Island Seed Potatoes.

Clark's Special Tomato and Beet Seed.

Scottish Chief Seed Oats.

Leap's Prolific Seed Wheat and Rosen Rye.

Calcium Arsenate and Arsenate of Lead Poisons.

Scalecide, Sulfocide and Dry Lime Sulfur for spraying trees.

If you will look this catalog over carefully, comparing my prices and the quality of my goods with others, taking into consideration our efforts to please, prompt attention and readiness to adjust all complaints and then give us your order, we are quite sure you will never regret it.

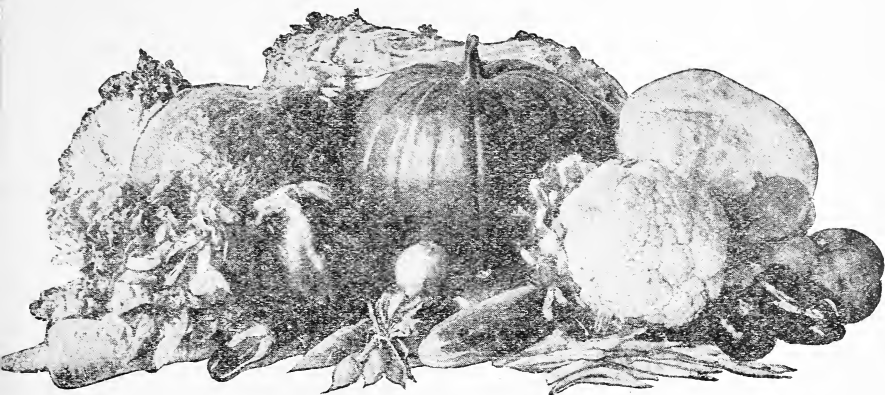

With the best of wishes for your success and our mutual pleasure, I beg to remain,

Yours for business,

RALPH W. STERLING.

P. S. Please show this catalog to your friends and if you need an extra one or two let us know. We will be glad to furnish you one, and an extra pkt. of seed for your trouble.

N. B.—NO BUSINESS TRANSACTED ON SUNDAY.

SEED DEPARTMENT

By carefully reading and observing the following directions, mistakes will very largely be avoided.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00 but be sure to put in two-cent stamps and wrap in waxed paper.

If you desire to have seed sent by Parcel Post, add 6 cents for the first lb. and 1 cent for each additional lb. of your order. $\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bushels at bushel rates.

No charge is made for packing or packages, except in selling seeds in bulk, when a charge of 35 cents each is made for the 2-bushel seamless bags. These may be returned, if in good condition, and the amount will be credited to your account.

We pay the postage on all seeds by the pkt. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by freight, express or Parcel Post at the purchaser's expense.

Remember, we sell Burpee's Seeds for less money than you can purchase them elsewhere. Burpee's Seeds are renowned for their purity and quality. We have been handling Burpee's Seeds for a number of years and know they are quite dependable and trustworthy, more so than any other grower's that we have been able to locate. Where we do find seeds of merit we carry a full stock of them, such as

Fordhook Bush Limas

Gradus & Thomas Laxton Peas from Comstock Ferre & Co.

Clark's Special Tomato

Martha, Mary and Washington Asparagus

Kroemer's Erfurt and Wibolt's Express Snowball Cauliflower Seed

Sterling's Sprout Seed

Japanese and other kinds of Onion Sets

and other items that you will find by a careful perusal of this catalog.

Please inform us promptly on the arrival of your order if anything proves otherwise than as expected. We aim to make our customers loyal and true friends and mail orders receive our personal attention. But we are only human and once in a great while errors creep in. When they do we are willing and ready to rectify them.

If you have any friends who would be interested in one of these catalogs let us know and we would be glad to mail them one and we will send you an extra pkt. of some sample of seed for your trouble.

Where possible use the enclosed order sheet and envelope.

Order by name and number both. Then there can be no mistake.

SPECIAL NOTICE—In filling all orders received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

ASPARAGUS SEED

Mary Washington. The Originator of this strain, Professor J. B. Norton, in his latest bulletin on Asparagus, says: "An ideal strain which the writer considers good enough to mark the culmination of his Asparagus Breeding work, at least for the present. The largest, most prolific and highest grade Asparagus known to the trade."

The seed we offer is from the grandchildren of the best Asparagus plants in America, "Mary" and "Washington," now growing on the old Custis Farm at Arlington, Va. The seed comes from carefully selected roots and is the best stock available anywhere for seed purposes.

Pedigreed Mary Washington Seed, prices Postpaid:

Pkt. 20c; 1 oz. 50c; ¼ lb. \$1.75; ½ lb. \$3.25; 1 lb. \$5.75

Washington, Re-selected Pedigreed Stock. Prices Postpaid:

Pkt. 15c; 1 oz. 35c; ¼ lb. \$1.00; ½ lb. \$2.00; 1 lb. \$3.50

Martha Washington. Pedigreed stock, selected and developed at Concord, Mass. This kind is a little more Blight resistant than the other two kinds but not quite so large and high branching as the Mary Washington. Prices Postpaid:

Pkt. 25c; 1 oz. \$2.00; ¼ lb. \$6.00; ½ lb. \$11.50; 1 lb. \$22.00

We have over 50,000 roots to offer this Spring, of all three kinds listed above, only the seed of the Mary and the Washington came from a different source than above.

BUSH BEANS—GREEN POD

2 lbs. make 1 qt. 1 lb. will plant 100 ft. of drill.

1 bu. will plant 1 acre in hills.

225	DANVERS HALF LONG. The standard kind for field and garden. Burpee's strain, very select05	.15	.35	.90

BURPEE'S CELERY SEED

1 Pkt. of seed will grow 200 to 300 plants.

No.		Pkt.	Oz.	¼ lb.
266	WHITE PLUME. Earliest, self blanching10	.25	.90
272	BURPEE'S FORDHOOK. The very best for home garden. Dwarf type, crisp and of excellent quality, suitable for late Fall and Winter storage. Crop short15	1.00	
260	BURPEE'S GOLDEN SELF BLANCHING. Dwarf compact growth and blanches easily to a clear waxy yellow15	.80	
267	EASY BLANCHING. A late fall and winter variety of great merit. It blanches easily and often does well on soil that other kinds will not grow on. Stalks thick, of fine quality15	.50	1.50
282	GIANT PASCAL. Standard late sort. Tall, very crisp and nutty flavor15	.30	1.00
275	WINTER QUEEN. Dwarf type. Very heavy stalks and large hearts10	.30	.90

Will sow an extra large bed for plants this year. Place your orders early.

(o) "Good as Gold." This Mark (o), now called a bulls-eye, was used by ancient Alchemists to represent gold. Burpee uses the Bulls-eye (o) to mark those varieties of vegetables which they consider the very best of their class and most satisfactory for general cultivation throughout the country. About all the kinds that I list carry a "Bulls-eye" in Burpee's Catalog.

CORN—SWEET

One lb. will plant about 100 hills.

No.		Pkt.	Lb.	2 Lbs.	10 Lbs.

310	BURPEE'S HOWLING MOB. A sec- ond early of fine quality. A good market sort10	.30	.55	2.70
311	BURPEE'S EARLY COSMOPOLI- TAN. A second early of large size and good quality10	.30	.55	2.70
	METROPOLITAN. One of the best 2nd earliest, large ears10	.30	.55	2.60
	LONG ISLAND BEAUTY. Very large ears, midseason10	.25	.45	2.00
333	BURPEE'S WHITE EVERGREEN. A few days earlier than Stowells, pure white kernels and a fine sort for can- ning10	.30	.55	2.70
335	STOWELL'S EVERGREEN. Stand- ard for late10	.30	.50	2.40
	STOWELL'S EVERGREEN. Conn. grown10	.25	.40	1.80
337	COUNTRY GENTLEMAN. Consid- ered by many the sweetest of all white sweet corn10	.30	.55	2.70

Price on larger quantities on application.
*All the above prices by the lb. are net, postage extra. See page 3
as to postal rates.*

Bellport, L. I., Dec. 29th, 1923.

Mr. Ralph W. Sterling,

The 2 oz. Kroemer's Erfurt Cauliflower Seed turned out fine. It really gave me better returns and more money than I received from 10 oz. of another kind. I grew the frames so large that 8 heads of the Kroehmer's Erfurt would fill a crate. Kindly let me have what seed you have left from last year as I want the same stock if possible.

Sincerely,

DAVID JONES.

BURPEE GUARANTEE

"We guarantee the vitality and purity of our seeds to the full amount of the purchase price.

"You can have your money back at any time within the year if you are not satisfied with the results from Burpee's Seeds.

"Even with Burpee Quality Seeds success in gardening or farming depends largely upon cultivation, soil, and weather conditions. It is, therefore, agreed that in no case shall W. ATLEE BURPEE Co. be liable for more than the amount actually paid for the seed or bulbs.

"We guarantee the safe arrival of your seeds, and we guarantee their quality to the full amount of the purchase price."

The above is Burpee's guarantee and I try to live up to it. I will in no way be responsible for more than the purchase price of the seed. If the customer is not satisfied with the above guarantee kindly return the seeds at once and I will refund the money.

Sincerely,

RALPH W. STERLING.

CORN—FIELD, POP AND FODDER

1 peck of Field Corn will plant 1 acre in hills 4 ft. x 4 ft.

1 bushel of Fodder Corn will plant 1 acre in drills.

LEEK

No.		Pkt.	Oz.
465	LONG MEZIERES. Burpee's best.....	.10	.30

GREENS AND SALADS—Greens and Salads are rightly called "Nature's Tonics." The American people are too much inclined to eat pastries and highly seasoned and concentrated meat-foods, which are rich in proteins and fats, but are almost entirely lacking in mineral salts. The importance of these mineral salts in the diet, although it was only recently recognized, cannot be overestimated. The natural source of these essential salts is the Greens and Salads. They should constitute a considerable portion of our food. The majority of the salad plants are easily grown. They are free from insect pests and are adapted to a wide range of soil and climate. They should be extensively grown in every garden. Most varieties can be sown as succession crops, and there is no month during the entire garden season that will not produce one or the other of these useful Greens and Salads. —Burpee's Annual.

Peconic, L. I., Dec. 20th, 1923.

Dear Sir:—Raised a good crop of Cauliflower from your Kroemer's Erfurt seed and will say that it was very fine stock.

Yours truly,

HAROLD PRICE.

LETTUCE

1 oz. will plant 250 ft. of drill.

No.		Pkt.	Oz.	¼ lb.	Lb.
475	BIG BOSTON. One of the best for early sowing or late Summer. Heads best in cool weather05	.15	.40	1.45
474	MAY KING. Quite early, heads nicely in early Spring, quality fine and crisp05	.15	.45	1.50
476	BURPEE'S WAYAHEAD. One of the earliest heading varieties, fine flavor and a sure heading kind05	.15	.45	1.50
469	BLACK SEEDED TENNIS BALL or SALAMANDA. A GREAT FAVORITE. Quality is there; a sure header05	.15	.40	1.25
484	MIGNONETT. Small but fine; outside leaves tinged brownish red; heart creamy white and crisp05	.15	.50	1.75

LETTUCE (Continued)

473	WHEELER'S TOM THUMB. Heart and outside leaves tender and juicy. Keeps from shooting to seed longer than any other kind, even in hot weather05	.15	.40	1.25
504	DEACON. One of the best Butterhead sorts, quality05	.15	.40	1.25
514	BURPEE'S BUTTERHEAD. Very fine quality, large05	.15	.50	1.75
528	BURPEE'S BRITTLE ICE. Very crisp and sweet; stands hot weather well05	.15	.45	1.50
530	BURPEE'S ICEBERG. Very crisp and juicy. Outside leaves fringed and tinged with brown05	.15	.50	1.75
522	HANSON. One of the largest and surest heading sorts05	.15	.40	1.45
524	NEW YORK IMPROVED. Some consider this the very best lettuce there is Leaves curled nicely; heart crisp and sweet; large size10	.25	.75	2.50
493	EARLY CURLED SIMPSON for cutting. Black seeded05	.15	.50	1.75
497	EARLY PRIZE HEAD. Brown leaves well blanched heart05	.15	.45	1.50
537	COS. or ROMAINE. Dwarf white heart. Burpee's best Cos.05	.15	.40	1.25

Southold, L. I., Jan. 31st, 1923.

Mr. Ralph W. Sterling,

Dear Sir:—The Kroemer's Erfurt and Snowball Cauliflower Seed that I purchased of you last year did fine. We got more money out of the Erfurt than any other kind that we had. The Snowball was good but not quite so fine as the Erfurt. Will want more seed this year.

Yours truly,

DONAHUE BROS.

MUSK MELON

1 oz. will plant about 50 hills.

No.		Pkt.	Oz.	¼ lb.	Lb.

OKRA OR GUMBO

No.		Pkt.	Oz.
667	PERFECTED PERKINS. Long pod. Very prolific. Used for soups or as a separate dish05	.15

Lake Grove, L. I., Jan. 29th, 1923.

Dear Mr. Sterling:

Last season I had several kinds of Strawberry Plants from you that grew very fine and this year I have large hopes of many berries.

Very truly yours,

F. H. WILKERSON.

Shelter Island, N. N., March 28th, 1923.

Mr. Ralph W. Sterling,

Dear Sir:—The Leghorn Eggs rec'd O. K. They are the largest and most uniform in size that I have ever bought. They should hatch large chicks. Thanks for the extras.

Yours truly,

E. P. BALDWIN.

ONION SEED

No.		Pkt.	Oz.	¼ lb.	Lb.
681	PRIZETAKER. American grown. Large yellow. Very heavy yielding. Burpee's selected strain10	.20	.70	2.25
671	YELLOW GLOBE DANVERS. Standard for Winter use. A great keeper. Mild10	.20	.60	1.90
680	SOUTHPORT YELLOW GLOBE. Burpee's special stock10	.20	.65	2.15
690	SOUTHPORT RED GLOBE. Burpee's special stock10	.20	.65	2.15
696	SOUTHPORT WHITE GLOBE. Burpee's special stock10	.30	1.00	3.50
687	RED WETHERSFIELD. The most popular of all red onions. Flat, large and a heavy yielder10	.20	.60	2.00
697	WHITE PORTUGAL or WHITE SILVERSKIN. Flat, large, if sown thin. Sow thick for pickles. Mild10	.25	.90	3.00

707	BURPEE'S MAMMOTH SILVER KING. Largest white, flat shape. Sweet and tender10	.25	.75	2.50
693	BURPEE'S AUSTRALIAN BROWN. Early; a sure cropper. Sweet and mild. Will keep long in storage10	.20	.50	1.75
Spray your onions with Hall's Nicotine Sulphate and save them from the Thrip.					

Eat Onions for Health!

Scientists have found in onions some very valuable ingredients.

They claim that onions promote digestion to a marked degree.

Shelter Island, N. Y., March 13th, 1923.

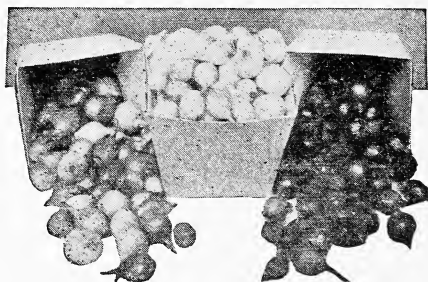

Dear Mr. Sterling:

I rec'd balance of order to-day, all in good shape. I thank you for the trial pkgs. Will see what I can make of them. I have planted garden 49 years. We celebrated our Golden Wedding last Dec. I am slow to change old, true and tried sorts for new ones. Was the first to plant Alaska Peas, 45 years ago. They never fail. We picked over 3 bu. from 1 qt. seed last year. They grew 3½ ft. high. Picked the first of them the first of June.

Do you have Carbola? If so I want some. Thank you for filling the order so promptly. Shall plant the Cabbage, Lettuce and Radish to-morrow.

Yours truly,

A. S. CARTWRIGHT.

ONION SETS

Small, Hard, Fancy Sets.

1 lb. makes a quart. 32 lbs. to the bushel

			Pkt.	lb.	10 lbs.	32 lbs.	Bu. of
WHITE SILVER SKIN. Fancy10	.25	2.00	4.75			
RED. Fancy Red Globe10	.20	1.75	4.25			
YELLOW. Nice hard sets. Globe10	.20	1.75	4.25			
JAPANESE YELLOW. A selected strain that grows better and keeps longer than any other sort10	.25	2.00	4.75			

Spray your onion sets with Hall's Nicotine Sulphate and insure your crop. It is the Thrip that turns the Onion tops brown.

PARSLEY

1 oz. will sow a 50 ft. row.

No.		Pkt.	Oz.	¼ lb.
717	EXTRA CURLED DWARF or EMERALD. Very fine moss like leaves05	.15	.40
721	FERN LEAVED. Very fine lace like leaves. Resembles a small fern05	.15	.40

861	EARLY SUGAR. A very fine Pie Pumpkin05	.15	.40	1.00
867	BURPEE'S GOLDEN OBLONG. Large, good quality05	.15	.40	1.30
863	BIG TOM or IMP. Large Field. Very large05	.10	.30	.80
872	STRIPED CUSHAW. A long-necked squash-like pumpkin of fine quality. Very meaty05	.15	.40	1.25
1048	WINTER LUXURY or PIE SQUASH. Fine05	.15	.45	1.40

Riverhead, L. I.

Mr. Ralph Sterling,

Dear Friend:

Enclosed please find check for \$3.50 in payment for plants delivered. They were very fine and I thank you for the same.

Yours truly,

H. H. WELLS.

East Moriches, L. I., July 12th, 1923.

Dear Mr. Sterling:

Thank you for the Cabbage Plants which came in good condition. I want to say that I have the finest garden in East Moriches, and the best results from your seeds and plants. I expect to get most of my seed from you next year.

Yours truly,

LEWIS H. BROWN.

PEAS

*Gradus*

Special prices by the bushel. Get my prices before ordering elsewhere. Burpee's peas are unexcelled and my Conn. grown peas gave wonderful crops last year. Peas were one of the best paying crops last year.

The GRADUS, THOS. LAXTON, LAXTONIAN, EARLY PILOT, TELEPHONE and ALDERMAN peas are considered the best market sorts.

The BLUE BANTAM, LITTLE MARVEL and BRITISH WONDER are favorites for home canning.

I have nearly 100 bu. of new crop pea seed and can get more on short notice. Would like to have your orders.

1 lb. of peas will plant 100 feet of row. 100 to 150 lbs. to the acre.

No.		Pkt.	1b.	2 lbs.	10 lbs.
739	ALASKA or EARLIEST OF ALL. 2 ft.	.10	.30	.55	2.40

751	AMERICAN WONDER. Dwarf, prolific, very early. 10 in.10	.30	.55	2.60
753	LITTLE MARVEL. Very prolific, very good for home gardens. 15 in.10	.30	.55	2.60
754	BURPEE'S BLUE BANTAM. Very productive, peas large and of good flavor. 15 in.15	.35	.60	2.80
755	NOTT'S EXCELSIOR. Standard for second early. 15 in.10	.30	.55	2.60
758	SENATOR IMPROVED. Prolific, quality. 2 ft.15	.35	.60	2.80
765	BURPEE'S PROFUSION. Quality and productiveness. 3 ft.15	.35	.60	2.80
789	STRATAGEM IMPROVED or POT-LATCH. Standard mid-season to late. Large peas, very sweet. 2 ft.10	.30	.55	2.60
793	DWARF TELEPHONE or CARTERS DAISY. Very large pods and peas of fine quality. 18 in.10	.30	.55	2.60
792	DISCOVERY. Sutton's best mid-season. Very large pods with large sweet peas. 2 ft.15	.50	.90	4.00
783	BOSTON UNRIVALLED. The largest and best tall pea. 5 ft.15	.35	.60	2.80
772	TELEPHONE. Standard for late. 5 ft.10	.30	.55	2.60
800	JUNO or DWARF CHAMPION. The best for late planting. Fine quality. 2 ft.10	.30	.55	2.60
785	ALDERMAN. Very large pods and peas of fine quality. 5 days later than 783. 5 ft.10	.30	.55	2.60
799	CHAMPION OF ENGLAND. 5 ft.10	.30	.55	2.60
784	QUITE CONTENT. Largest podded pea there is, quality. 6 ft.15	.50	.90	4.00

I have tried to list the above kinds of Peas in order of ripening.

RADISH

1 oz. will sow 50 ft. of drill.

No.		Pkt.	Oz.	¼ lb.	Lb.
877	BURPEE'S EARLIEST. Scarlet Button, 25 days, fine10	.20	.50	1.80
878	BURPEE'S RAPID RED, 25 days. Red Button05	.15	.40	1.25
893	SPARKLER or SCARLET TURNIP WHITE TIPPED, 28 days05	.15	.35	1.10
907	FRENCH BREAKFAST. Olive shaped, very fine05	.15	.40	1.20
883	VICK'S SCARLET GLOBE. Long season LIVINGSTON'S SAXA. One of the best and quickest growing Radishes. Red, tur- nip shaped, 25 days05	.15	.40	1.20
938	WHITE ICICLE. Long, very crisp and sweet05	.15	.45	1.40
963	WHITE CHINESE or CELESTIAL. Best for winter use05	.15	.40	1.20
886	CRIMSON GIANT, GLOBE. Large, does not get pithy05	.15	.40	1.10

SALSIFY or VEGETABLE OYSTER

	Pkt.	Oz.	¼ lb.
983 MAMMOTH SANDWICH ISLAND. Use like parsnip10	.30	1.00

SQUASH

1 oz. will plant from 25 to 50 hills.

No.		Pkt.	Oz.	¼ lb.	Lb.
1010	EARLY WHITE BUSH. Scalloped, earliest05	.15	.40	1.25
1018	EARLY GOLDEN CROOKNECK. Bush, fine05	.15	.40	1.20
1020	GIANT GOLDEN CROOKNECK. Very large. Use when the squashes are young and tender05	.15	.45	1.50
1031	LONG WHITE MARROW or VEGE- TABLE MARROW. 12 in. long and 4 to 5 in. thick05	.15	.45	1.50
1032	BURPEE'S FORDHOOK. A delicious squash of fine flavor; good for summer and fall05	.15	.50	1.75
1036	BOSTON MARROW. Fine grained, dry and sweet; large05	.15	.40	1.20
1038	BURPEE'S TRUE WARTED HUB- BARD. Best for pies05	.15	.45	1.40

SQUASH (Continued)

1040	CHICAGO WARTED HUBBARD, larger and more heavily warted than No. 1038; fine keeper05	.15	.45	1.40
1042	RED or GOLDEN HUBBARD, one of the best for pies05	.15	.50	1.75
1052	DELICIOUS. The squashes weigh from 5 to 10 lbs. and vary in shape and size, but are uniform in delicious quality and splendid winter keepers05	.15	.45	1.40
	ESSEX HYBRID from Livingston, one of the best for quality; turban shaped05	.15	.35	1.20

The Squash has been found to be one of those vegetables that contain a quantity of those valuable Vitamines. Plant Squash for your children, and serve it like potatoes, every day.

SWISS CHARD or SILVER BEET

All the foregoing prices by the lb. are net, postage extra. See page 3 as to postal rates.

East Hampton, L. I., July 9th, 1923.

Mr. Ralph Sterling,

Dear Sir:—Kindly send by express when you think advisable to set out, 1,000 Cauliflower Plants.

The Brussels Sprout Plants were very good.

Yours truly,

S. E. FIELD.

Peconic, L. I., Dec. 31st, 1923.

Mr. Ralph W. Sterling,

Dear Sir:—From my acre and $\frac{1}{4}$ Kroemer's Erfurt Cauliflower, I harvested about 400 crates and cleared home over \$800.00. They were a fine run, had practically no culls. Will want more seed for next year.

Yours truly,

ROLAND HORTON.

1335	SAVORY, SUMMER. Annual. For flavoring15	.60
1341	THYME. Perennial. For Flavoring your Turkey Dressing15	.65

Can get any other kind of Herb you might want at short notice.

SPECIAL NOTICE—In filling all orders received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

Shelter Island, N. Y., May 21st, 1923.

Ralph W. Sterling,

Dear Sir:—The four hundred Strawberry Plants that you sent me are doing fine.

Very truly yours,

EVANS GRIFFING.

Shelter Island, N. Y., June 25th, 1923.

Mr. Ralph W. Sterling,

Dear Sir:—The seeds and plants were received in good order. Also your Asparagus Roots were in good condition.

Sincerely yours,

RICHARD H. HALSEY.

FARM AND FIELD SEEDS

SEED OATS

Use 2 to 4 bu. to the acre.

My Seed Oats are very heavy and therefore it takes a few more pounds to sow an acre than it does of the lighter kinds, but the returns are so much more that it pays well.

Try a few pounds of this new Hulless Oat and see how it does for you. The originator claims that it will eventually take the place of all the other kinds.

SCOTTISH CHIEF. The best Oat that we have ever been able to purchase for this section. Very heavy and prolific.

Per pk. of 8 lbs. 50c; per bu. of 32 lbs. \$1.75

SWEDISH SELECT. A good Northern Grown Oat, not quite so heavy as the Scottish Chief.

Per pk. of 8 lbs. 50c; per bu. of 32 lbs. \$1.65

OTTAWA 480 LIBERTY HULL-LESS. Yields from 50 to 70 bushels to the acre and threshes out like wheat. Try a few pounds in one corner. Per lb. 30c Postpaid; per 10 lbs. \$1.90 not Postpaid.

OTHER FIELD SEEDS

SEED WHEAT. Marquis, the best Spring Wheat. Very prolific, early.....Per pk. of 15 lbs. 80c; per bu. of 60 lbs. \$2.90

SEED WHEAT, for Fall Seeding. Leap's Prolific. The most prolific, hardy and satisfactory Wheat ever grown in this section. Red kernal, stiff straw, bald. This seed will be grown on our own farm, from new stock seed last Fall. Carefully rogued and cleaned. Price on application.

SEED RYE. Spring Rye, more suitable to sow in the Spring than the Rosen Rye. Fine seed.

Per pk. of 14 lbs. 75c; per bu. of 56 lbs. \$2.75

SEED RYE FOR FALL SOWING. ROSEN RYE. This is the best and the cheapest in the end as it is recleaned and of high germination. Get my prices before ordering elsewhere.

WINTER VETCH. For Fall Sowing. Mix a little in with your Rye for a cover crop. We find that it pays. Price on application.

SPRING VETCH. For Sowing in the Spring for a cover crop to plow under for a late crop. Per lb. 10c; 10 lbs. or more at 8c per lb.

CANADA FIELD PEAS. For Sowing in Spring and early Summer for a cover crop to plow under for Cauliflower, Brussels Sprouts, etc. Both the Canada Field Peas and the Vetches are Legumes and add fertility to the soil. Inoculate the seed with Mulford Cultures if you are not sure they do well on your farm.

Per 10 lbs. \$1.00; per bu. of 60 lbs. \$4.00.

SOY BEANS

SOY BEANS. Have the best kind of Soy Beans for this section.

Used for plowing under green to build up your soil, or for hay.

Bu. of

10 lbs. 60 lbs.

EARLY YELLOW. Quick maturing, very productive .. \$1.00 \$4.50

COW PEAS

Used to Improve the soil.

Bu. of

10 lbs. 60 lbs.

WHIP-POOR-WILL. The best kind for this section .. \$1.10 \$5.00

SUDAN GRASS

If you have lost out on your Summer's Hay crop sow an acre of this and get a heavy crop of succulent valuable fodder.

Use 15 to 20 lbs. to the acre broadcast or 6 lbs. in drills and cultivate. Crops of 5 tons to the acre have been grown. Northern seed.

Per lb. 25 cents; 10 lbs. or more at 18 cents per lb.

COSSACK ALFALFA

The surest and best kind of Alfalfa to grow. Here are a few reasons:

"It is the hardest Alfalfa known."

"A better soil builder than other Alfalfa."

"More drought resistant on account of the long tap root."

"Has a double root system, both branched and deep."

"Makes a finer quality hay."

"Will yield more hay per acre no matter what the weather conditions are."

"Freezing does not kill young plants. The branched roots keep them from heaving."

"Requires less seed per acre."

Our stock of seed comes direct from the growing section of South Dakota.

Per lb. 60c; per 10 lbs. or more at 55c per lb.; 100 lb. bags at 52c per lb.

Please use order sheet and enclosed envelope in ordering and order by name and number. More catalogs, order sheets and envelopes sent on request.

GRIMM ALFALFA

This has been tried around here for the last two years and found to stand the Winters better than our Northwestern Alfalfa, but not quite so drought resistant. This seed comes direct from South Dakota, is over 99% pure and is Dodder free. 88% germination. Same can be said of the Cossack.

Per lb. 50c; per 10 lbs. or more at 45c per lb.; per 100 lb. bag at 43c per lb.

JAPANESE BUCKWHEAT. The best kind to use in this section. Very prolific. Very large grain.

Per 10 lbs. 75c; per bu. of 48 lbs. \$2.25

DWARF ESSEX RAPE. Makes a wonderful growth for seeding down Hen yards, Hog or Sheep pastures.

Per lb. 12c; per 10 lbs. or more at 9c per lb.

SEED POTATOES

Use 4 to 5 sacks to the acre.

I have a very fine stock of Seed Potatoes this Spring. Have built a new storage cellar and have kept a quantity over in that and also will have a lot come in, in March and April.

The Western Cobblers did fine for me and my customers last season and should do as well for us this year.

The Pride of Vermont Green Mountains gave good satisfaction in this section last year and I have many repeat orders where they grew them last season and want them again. The stock is very fine and I am sure if you come and see it you will want to order a few sacks, anyway.

My own stock is from Prince Edward Island stock, new seed last year, and is very nice. Home seed gave good satisfaction last year to many growers in this section.

	Sack of Pk. Bu. 165 lbs.		
WESTERN GROWN IRISH COBBLERS. Very choice80	2.60	6.50
PRIDE OF VERMONT GREEN MOUNTAINS. Grown and improved by the Corinna Farm at Corinna, Maine, from choice Vermont Seed. I was told by an uninterested party that the finest field of potatoes in Maine, Vermont, or in Canada was on the Corinna Farm. The stock is fine. Certified80	2.60	6.50
HOME GROWN GREEN MOUNTAINS. Grown on my own farms from Prince Edward Island stock. Saved from a fine crop.....	.60	1.60	4.50

GRASS, CLOVER and ALFALFA SEED

Prices liable to change without notice.

Terms strictly cash.

I buy the very best grade of Grass, Clover and Alfalfa Seed on the market and make my prices just as reasonable as is possible consistent with the quality.

It is the very last fraction of 1% in purity that costs money, and that is what I am always looking for. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

My Hay mixture, for one acre, is 11 to 12 lbs. of Timothy sowed with Wheat in the Fall, and 5 lbs. Red Clover mixed with 3 lbs. Alsike to be sown the following Spring. In sowing alone use the same mixture, adding a little more Timothy, and sowing in August or September. Without Clover, use 15 to 20 lbs. Timothy to the acre. Use a little lime if your land is sour.

Seamless bags, holding 125 lbs. or more, are 35 cents extra, but returnable if in good condition. Purity and Germination percentages on request.

Special price on 100 lb. lots.

	10 lbs. & over	1 lb. to 10 lbs.

POTATOES GREW TOO LARGE

Highland Court, East Moriches, L. I.

Dear Mr. Sterling:

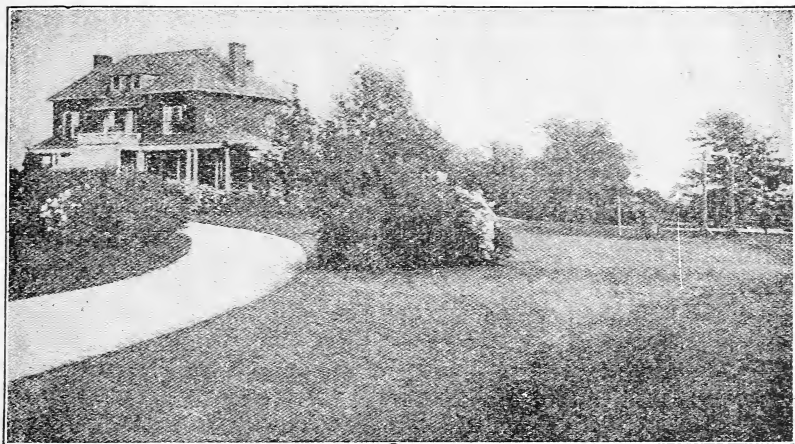

Oct. 13th, 1923.

Now that the season is coming to a close I thought I'd let you know just what the result was from the seeds that you sent me.

The Cobbler Potatoes were certainly a fine lot, nice, smooth and mealy. The late Potatoes are not so nice as last year, rather, somewhat abnormal in size, about 25% of them weighing from 1 lb. to 1½ lbs. each. All the small garden stuff came up to the scratch O. K.

Yours truly,

LEWIS POWLEY.

LAWN MAKING

Lawn making has been reduced to a science by the Department of Agriculture. Experiments have demonstrated that the stand-by of lawns in this country, where lawns can be made, is Kentucky blue grass; and that the best method of obtaining a blue grass lawn is to sow a mixture containing red top. The latter germinates more quickly, and helps make a thick lawn the first few years, but gradually gives way to the spreading blue grass. White clover is usually mixed in, where clover is not objectionable, because it helps thicken the early turf, and secretes nitrogen from the air, which helps the grass. Our grass seed is exactly what we represent, recleaned and free from weeds.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus or several inches of sand, compost, manure or wood ashes if it is heavy and inclined to bake. Apply fertilizer liberally, either sheep manure, bone meal or a commercial fertilizer.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to plant.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

LAWN GRASS SEED

		10 lbs.	1 lb. to & over 10 lbs.
	STERLING MIXED LAWN GRASS. I prepare this mixture myself from the highest grade Kentucky Blue Grass, Fancy Red Top and White Clover. This mixture has given the very best satisfaction throughout Long Island. Quick growing and permanent. 100 lb. lots at 36c....	.38	.42
6145	FORDHOOK FINEST LAWN GRASS. Burpee's best. A mixture of many Fine Grasses suitable for lawns and contains none that makes bunches and clumps. 25 lbs. or more at 38c per lb.42	.45
6149	SHADY NOOK. Where there is only partial shade the other Lawn Grasses are all right but where the shade is quite dense use this special mixture ..	.48	.60

For a good permanent lawn, use 1 lb. lawn seed to 400 sq. ft., 80 to 100 lbs. to the acre. For reseeding an old or poor catch, use half that amount.

SPECIAL NOTICE—In filling all orders received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

STERLING LAWN SEED DOES WELL ON SHELTER ISLAND

Shelter Island, N. Y., April 6th, 1923.

My Dear Mr. Sterling:

Please ship at once by express 25 lbs. of Lawn Grass Seed, the same as I had last year. It was the cleanest seed that I ever sowed. Also 2 bu. Seed Oats.

Yours truly,

F. W. SIMONS.

A LATER REPORT

January 17th, 1924.

Your Lawn Grass Seed does better than other kinds on Shelter Island. Please book my order for 325 lbs. for this Spring delivery.

My garden was the finest one on Shelter Island, grown from your seeds. There are several who want me to plant their gardens for them this year.

Yours truly,

F. W. SIMONS.

SHRUBS AND TREES. Can get you any kind of Flowering Shrub, Ornamental Tree or Fruit Tree that you might want. Fine quality and price right.

Manorville, L. I., Feb. 8, 1923.

Mr. Ralph W. Sterling,
Cutchogue, L. I.

Dear Sir:—The 1,000 Martha Washington Asparagus Roots bought of you last spring grew and thrived wonderfully well. I can not speak too highly of the quality of the roots and the growth that they made.

Sincerely,
GEO. A. DAVIS.

SPECIAL NOTICE—In filling all orders received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

PLANT DEPARTMENT

Plants are one of my specialties, as I raise them in Hot Beds, Cold Frames and in the Field. Customers are invited to come and look my stocks over before buying. My prices are as low as I can make them, consistent with the quality. I always use the best quality seed to be procured in my plant beds, and spare no expense and care to have them A No. 1 in every respect.

50 plants of one kind will be sold at 100 rates, 500 of one kind at 1,000 rates. Will make a 10% reduction on orders of 5,000 or more, unless otherwise noted.

In shipping plants, the roots are kept quite moist, and packed in wet moss, thus insuring their safe arrival. We use the utmost pains to pack and mark our plants so they will arrive at their destination in the very best shape. If they do not, please advise *at once*. We are always ready and willing to make any mistakes or errors right, if it is possible to do so, to the value of the original amount.

We price our plants just as cheaply as possible and transportation charges are not figured in. So if you want your plants sent by Parcel Post please add 8 cents per dozen, 20 cents per 100, 30 cents per 200, and 10 cents for each additional 100 to the list price. If no postage is added to your order we will ship the order, Postage C. O. D. Large orders should go by Express, collect.

STRAWBERRY PLANTS

Sterling Quality

My Strawberry Plants are raised on fresh ground, well fertilized and carefully taken care of. They are well rooted, healthy and true to name. We have tried out many, many kinds and find that only a few kinds seem to do well in this section. Such a kind is the Premier. This kind comes early and stays late, yields heavy and keeps its size well. The Corsican is very popular and the World's Wonder and Monroe are as good for late as any berry we have found yet, although the Prize was very satisfactory last year for a late berry. Teddy Roosevelt is a new kind. We have never fruited it, but they claim great things for it. The originator claims it is a very strong growing, healthy plant, producing lots of exceptionally fine-flavored berries of large size, very late in the season. The blossoms are imperfect. We are going to include it in our Garden Collection as follows:

Please use my order sheet in ordering and order by number and name. More order sheets and envelopes will be sent on request.

STERLING'S GARDEN COLLECTION FOR \$2.75 POST PAID

100 PREMIER, the best early variety known	\$.90
100 CORSICAN, midseason, large, prolific and very sweet90
100 TEDDY ROOSEVELT, large, very sweet, and late	1.25

Total\$3.05

We will send this collection anywhere on Long Island for \$2.75 Post Paid.

Cash with the order.

Owing to the dry Summer and Fall last year our stock of all kinds of Strawberry Plants are quite limited, excepting the Premier. Have 25,000 or more of them. What plants we have, however, are very fine. Would advise you to order early.

PRICE LIST OF STERLING'S STRAWBERRY PLANTS

Listed in Order of Ripening

	25	100	300	1,000
CAMPBELL'S EARLY. Matures its crop very early. The best extra early25	.90	2.40	
PREMIER, the best kind I have ever tried, for table use or for market. Not quite so fine quality, perhaps, as a few other kinds, but that is made up for by all its other fine qualifications. Our stock is absolutely true to name. See inside front cover for nine reasons for growing the Premier25	.90	2.40	6.00
DR. BURRILL, an Improved Senator Dunlap. Very prolific, dark red, good-flavored berries. Makes plenty of plants and always yields well25	.90	2.40	6.00
JUDITH. This berry I fruited last year and while it came far from the introducer's claim it did yield well and the berries were firm and of fine quality. Berries good size and very dark red. Last over a long season. It would pay to spray this variety ..	.30	1.00	2.70	
CORSICAN. The sweetest berry known, and one of the most popular. Berry very large, dry and sweet. Foliage rank and fruit stems long and stiff25	.90	2.40	7.00
BIG JOE. Called one of the best for mid-season. A large, bright red berry of fine quality30	1.00	2.70	

STRAWBERRY PLANTS (Continued)

COOPER. A very large berry, firm, of good color and one of the best for table and market30	1.00	2.90	
WORLD'S WONDER. Very large, sweet berries. Large plants25	.90	2.50	8.00
BRANDYWINE. A dark berry, very rich in quality25	.90	2.40	7.00
WM. BELT. One of the very best in quality..	.25	.90	2.40	7.00
MONROE. An Improved Brandywine. A fine canning berry. Dark red25	.90	2.40	7.00
MARSHAL. The quality berry. The best kind for hill culture and for special markets40	1.25		
PRIZE. Imperfect blossom. One of the best yielding late varieties we have ever fruited. Not sweet25	.90	2.40	7.00
TEDDY ROOSEVELT. Imperfect blossom. Claimed to be one of the best for late. Quality very fine40	1.25	3.25	
CHESAPEAKE. If this variety would only make more and larger plants it would be the very best late kind grown. Berries very fine in quality and texture, for table, canning, or shipping30	1.00	2.90	
AROMA. Called by many the best late but we find it a shy bearer. The berries are very large and of fine quality25	.90	2.40	
GANDY. The very latest. Fair yielder of very firm berries30	1.00	2.90	

Fall Bearing Strawberry Plants

CHAMPION. The best Fall Bearer that I have ever tried, and yet it has one fault and that is in plant making. But it yields quantities of berries from August to November. A little secret of culture is to keep your blossoms cut off until the last part of July and then thin the blossoms out from 40% to 60% right through the rest of the season. The quality of the berries is good and the size fair if you thin the blossoms. Per doz. 50 cents; per 3 doz. \$1.25; per 100 \$3.00.

PROGRESSIVE. The next best kind to the Champion. A very shy plant maker but berries are borne as early and late as you will let them. Treat them the same as Champion. Per doz. 40 cents; per 3 doz. \$1.00.

All of the 19 kinds listed above have perfect blossoms and will do well planted by themselves excepting the Prize and the Teddy R. Monroe, or World's Wonder would do well alongside these kinds to fertilize the blossoms.

STRAWBERRY PLANTS (Continued)

STRAWBERRY PLANTS IN AUGUST, SEPTEMBER
AND OCTOBER

We will have about all the 19 kinds listed above and some new kinds as well for Summer and Fall setting. New kinds, well rooted and true to name. The price is higher than for Spring plants, but very reasonable considering the fact that, in getting one good plant, very often there will have to be one, two or as many as three smaller plants thrown away and wasted.

Prices on application.

RASPBERRY PLANTS

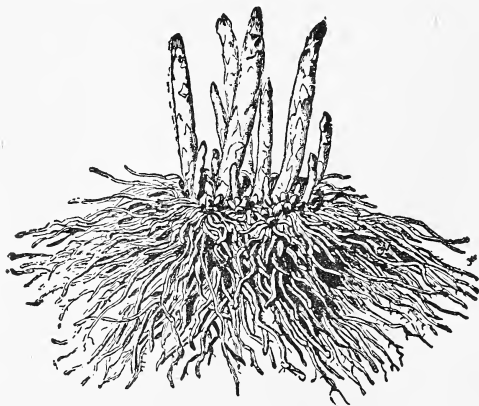

IMPROVED CUTHBERT. Prolific. Berries large. Per doz. \$1.00

RHUBARB ROOTS

OLD FASHIONED PIE PLANT. Per root 10 cents; per doz. \$1.00

ASPARAGUS ROOTS

One Year Old Roots. Grown from High Priced, Pedigreed Seed.

	Doz.	100	1,000	5,000
WASHINGTON. Pedigreed Seed, grown and bred by the originator. Very Rust-resistant. Grows quite tall before branching. Quality fine, size very large, yield enormous....	.25	1.25	10.00	45.00
MARY WASHINGTON. The largest, finest flavored and best Asparagus yet developed. Will have 50,000 of this kind next year. Have about 10,000 nice roots this year..	.30	1.80	15.00	

ASPARAGUS ROOTS (Continued)

MARTHA WASHINGTON. Mr. Prescott of

Concord, Mass., claims that this kind is as fine in every way as Mary and is more Blight-Resistant, and charges more for the seed. The price of the seed is \$22.00

per lb.30 1.50 13.50 60.00

All expert gardeners and farmers will tell you that one year old Asparagus Roots are the best kind to set out. One year old roots recover quickly from the shock of transplanting, are not badly cut and broken, as two year roots generally are, and come into bearing just about as soon as the older roots. You can cut your one year old roots the following year after setting out, until the first of June, and it will not hurt the bed at all.

COLD FRAME PLANTS

Hardy, Well-Rooted Plants from Best Strains of Seed.

CABBAGE PLANTS

	Doz.	100	1,000
EXTRA EARLY JERSEY WAKEFIELD. Earliest pointed heads15	.60	5.00
EARLY CHARLESTON WAKEFIELD. Very large pointed heads15	.60	5.00
EARLY SUMMER. Large flat heads. These three make a fine succession15	.60	5.00
COPENHAGEN MARKET. The earliest flat head of good size15	.60	5.00
BURPEE'S FORDHOOK FORCING. A small flat headed sort, just recently introduced. May be set 8 inches apart20	.80	

Cabbage Collection

Will send you 2 dozen each of the above five kinds for \$1.50 Post Paid.

Maggot Control

You can raise fine Cabbage without damage from Maggots if you will follow the directions given below:

To 5 gallons of water add $\frac{1}{2}$ oz. Formaldehyde. After mixing thoroughly, pour about a tablespoonful around each plant once a week. Begin to do this by the last of May or as soon as you see the Maggot Fly.

OR

Add 1 oz. Corrosive Sublimate to 8 gallons water. Put $\frac{1}{2}$ cupful to each plant once a week at the same time as above.

The poisons may be purchased at any drug store.

LETTUCE PLANTS

	Doz.	25	100
BURPEE'S WAYAHEAD. Quick heading. Good quality15	.25	.75
NEW YORK or WONDERFUL. Large heads of finest quality15	.25	.75
BIG BOSTON. Sure heading. Fine15	.25	.75

Lettuce Collection

Will send you 2 dozen of each of the three kinds listed above for 75 cents Post Paid.

*Burpee's Giant*PANSY
PLANTS

Well Hardened
Wintered Over
Plants from Bur-
pee's Best Kinds.

	Doz.	25	100
BURPEE'S BLEND OF GIANTS. If you want large flowers of beautiful shades and markings, this is the kind50	.90	3.00
GOLDEN QUEEN. Giant or Trimardeau. Pure yellow40	.75	2.50
MASTERPIECE. Giant Ruffled, Mixed. Dark shades40	.75	2.50
STEELE'S MASTODON. Very large flowers of every shade40	.75	2.50

Pansy Collection

Will send you 1 dozen of each of the 4 kinds listed above for \$1.50 Postpaid.

HOT BED PLANTS

Ready in May and June.

TOMATO PLANTS

Transplanted, well-hardened, stocky plants. Grown from Livingston's and Burpee's Selected Seed.

	Doz.	3	Doz.	100
SUNNYBROOK EARLIANNA. Burpee's best strain.				
Earliest25	.60	1.50	
CHALK'S EARLY JEWEL. The largest, smoothest and finest flavored extra early, bright red Tomato	.25	.60	1.50	
JOHN BAER. The most popular early sort. Large, fine flavored, and very productive25	.60	1.50	
BONNY BEST. Very productive, early. Not quite so large as John Baer25	.60	1.50	
PONDEROSA. Very large. Fine flavored, meaty and one of the best for slicing25	.70	1.70	
LIVINGSTON'S STONE. One of the best for table, canning or market. Very solid, smooth and fine quality25	.60	1.50	
LIVINGSTON'S GLOBE. Prolific and very Blight-Resistant25	.60	1.50	
LIVINGSTON'S FAVORITE. Smooth, bright scarlet, flattened25	.60	1.50	
BURPEE'S MATCHLESS. Burpee calls this the very best for home use or for market. Large, smooth. Bright red25	.60	1.50	
NEW SELF PRUNING TOMATO. Burpee's latest production. This Tomato sends out side shoots or laterals without special pruning, and makes a very stocky, compact growth40			
BURPEE'S DWARF GIANT. Stocky, tree-shaped plants with large, fine flavored fruit30	.75	2.00	
BURPEE'S WHOLE SALAD. An Individual Tomato. Very prolific30	.75		
GOLDEN PONDEROSA. Large, yellow fruit30	.75		
YELLOW PEAR SHAPE. For preserves25	.60		
GOLDEN DWARF CHAMPION. Tree-shaped; large, yellow fruit30	.75		

THE THREE BEST MARKET SORTS

BULBS FOR FALL SETTING. Send for Burpee's Bulb catalog, ready in August.

If you want any of the Flower Plants listed above sent by Parcel Post, add 8c per doz., 15c per 3 doz., to list price.

FIELD GROWN PLANTS

Ready from June 20th to August 20th. Of course these dates are approximate.

All my plants are raised on fresh ground and the best seeds are always used. The same stocks as I use for my own plantings.

BRUSSELS SPROUT PLANTS

The seed is treated for Black Stem and you are thus assured of good, strong plants, free from disease.

	Doz.	100	1,000
STERLING STRAIN. Very choice selected stock..	\$.15	\$.60	\$4.00
REEVE'S TALL STRAIN. Very prolific. Large,			
hard Sprouts15	.60	4.00
Price by the thousand liable to change without notice.			

CAULIFLOWER PLANTS

My Seed is all treated for Black Stem and sown on fresh disease-free ground. These two strains of seed have given good satisfaction wherever tried. Try some out for your own satisfaction and be convinced.

	Doz.	100	1,000
WIBOLT'S EXPRESS SNOWBALL. Very early, sure heading, snow-white and of the finest quality.			
Well adapted for Long Island	\$.15	\$.60	\$4.00
KROEMER'S LARGE EARLY ERFURT. Large, snow-white heads. One of the best for main crop.			
This strain gave fine crops to many of my customers last year despite the dry season. See testimonials15	.60	4.00

The above prices by the 1,000 may change without notice. Write for prices in June and July.

If you want any of the above plants sent by Parcel Post, add 7c per doz., 15c per 100, to the above prices.

CABBAGE PLANTS

This Seed is treated for Black Stem.

Plants are all grown from choice Long Island grown seed excepting the Danish Seed.

	Doz.	100	1,000
ALL SEASON. Sure heading. Large, flat heads..	\$.10	\$.50	\$3.00
EARLY FLAT DUTCH. Best for late setting10	.50	3.00
SAVOY. Curled or crumpled leaves. Best quality	.10	.50	3.00
LARGE LATE DRUMHEAD. Largest heads10	.50	3.00
LATE FLAT DUTCH. Solid, large heads10	.50	3.00

ALLEN'S MAMMOTH ROCK RED. Sure heading	.15	.60	4.00

Add 6c per doz., 15c per 100, and 10c for each additional 100 if you want these plants sent by Parcel Post.

CELERY PLANTS

Ready in July and August. Grown on fresh ground from Burpee's Seed.

Burpee's Fordhook

BURPEE'S FORDHOOK. This new Celery is declared by many who have tried it to be the best kind for fall and winter storing. Dwarf Type, stocky, crisp and of the finest nutty flavor.

Per doz.	\$.15
Per 10050
Per 1,000	4.00

	Doz.	100	1,000
WHITE PLUME. Self Blanching. Earliest	\$.15	\$.50	\$ 4.00
GOLDEN SELF BLANCHING. The best second early. Fine flavor. Dwarf15	.50	4.00
HENDERSON'S EASY BLANCHING. Does well where other kinds will not grow. Good quality..	.15	.50	4.00
GIANT PASCAL. Tall Winter. Fine nutty flavor. One of the best for storing15	.50	4.00
WINTER QUEEN. Stocky, very large, crisp and of fine flavor15	.50	4.00

Add 5c per doz., 15c per 100 and 10c for each additional 100 if you want these plants sent by Parcel Post.

My Celery did not do well last year, so that I had very few plants of my own to sell, but I bought many thousands from another grower. If any of my customers were dissatisfied with the plants they purchased of me last year, let me know and I will do my best to make it right with you this year.

Southold, L. I., July 17, 1922.

Mr. Ralph W. Sterling,

Dear Sir:—I received the Celery Plants and they were fine. I thank you very much. I inclose you a check for the same.

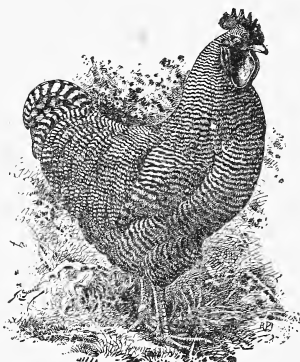

Sincerely,

C. L. HOWARD.

POULTRY DEPARTMENT

BARRED PLYMOUTH ROCKS. Parks Strain.
S. C. WHITE LEGHORNS. Sterling and Barron Strains.
Eggs for Hatching and Breeding Stock. No Baby Chicks.

BARRED PLYMOUTH ROCKS

A very choice breeding pen of carefully selected 2 and 3 year old hens, and a few pullets. These hens are mated to a choice pedigree cock bird and a cockerel from J. W. Parks of Altoona, Pa., and one very large cockerel of my own raising from Parks Stock. Parks Strain is the most carefully bred strain of B. P. Rocks in the country to-day, for egg laying propensities, and very good for fancy points.

EGGS FOR HATCHING

Per Setting of 15 eggs	\$ 2.00
Per 3 Settings of 45 eggs	4.50
Per 100 eggs	8.00

I use utmost care in packing my eggs for shipment. A discount of 10% is allowed if the purchaser gets them from the farm in their own containers.

S. C. WHITE LEGHORNS

Barron and Sterling Strain.

80 carefully selected 2 and 3 year old hens mated to 5 Barron Cockerels. These hens have been carefully selected from a larger flock and are vigorous and large-framed. Large white eggs only.

Barron Strain is more suitable for mating with our own strains now than ever before, as Mr. Barron is breeding for large white eggs, smaller combs and more compact bodied birds.

Saint Luke's Rectory, East Hampton, N. Y.

April 6th, 1923.

Dear Mr. Sterling:

The eggs you sent me came in good condition, and I hope they will turn out as fine as they look. Seeds also arrived safely. Thank you.

Sincerely yours,

WILLIAM GRAINGER.

EGGS FOR HATCHING

Per Setting of 15 eggs	\$ 1.90
Per 3 Settings, 45 eggs	4.00
Per 100 eggs	7.00

My Eggs for Hatching are packed carefully in substantial carriers. A 10% discount is allowed to customers who come and get the eggs at the Farm, using their own containers.

Am willing to sell all or any part of my breeders after the rush season, and will have a very choice lot of Cockerels in the Fall and Winter. Come look my stock over and get my prices before purchasing elsewhere.

GUARANTEE

I guarantee the fertility of my eggs for hatching to be 80% in March and April and 85% in May and June. If the fertility runs below this, return clear eggs to me express paid and I will replace them free of charge or refill your order at half price.

Write for special prices for Hatching Eggs in May and June.

ORDER NOW

Orders for Eggs for Hatching may be booked at any time, the earlier the better. A deposit of 10% of the order must accompany the order; the balance to be paid 5 days before the order is to be filled, unless otherwise agreed upon.

WISHBONE OIL BURNING VALVELESS HOVERS

Wishbone Oil Burning Brooders gave wonderful satisfaction wherever tried last year. Have sold quite a few and can give you names and addresses of the satisfied customers if you wish. They are simple and efficient, giving the chicks plenty of heat, and yet are odorless and the chicks get plenty of fresh air, unless the room is entirely air-tight.

These Brooders come in three sizes—I carry them in stock. The prices are right and the running expenses are very low. Send for circular giving full particulars.

MARVEL COAL BURNING BROODERS

If you are interested in a Coal Burning Brooder send for circular giving full particulars of this reasonable priced, simple and efficient Brooder.

CYPHERS' INCUBATORS AND BROODERS

Cyphers Incubators are still the standard hatching machines and we are still agent for them. Send for prices.

WISHBONE MAMMOTH INCUBATOR

This is the best Mammoth, according to many authorities. Send for full particulars if interested in a mammoth machine. It will pay you.

LEG BANDS

Spirals. Any color and size. Per doz. 15c, per 25 25c, per 100 75c Postpaid. Aluminum. Adjustable and different sizes. Same price as above.

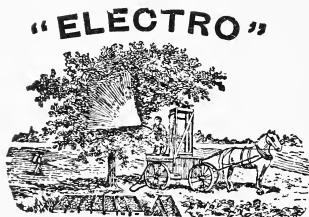

POULTRY FEEDS AND SUPPLIES

I keep in stock:

BABY CHICK FEED, Best Kinds	POULTRY GRIT
SCRATCH FEED, Best Kinds	DRINKING FOUNTS
BEEF SCRAP, 55% Protein	SHELL AND FEED HOPPERS
GROUND OATS	ALL KINDS OF GRAIN
BONE MEAL	CARBOLA, the Efficient White-
DRY MASH	wash and Disinfectant. See
OYSTER SHELL, Two Sizes	page
CHARCOAL, Fine	

INSECTICIDES, SPRAYING MATERIAL AND SUPPLIES

"Electro" Spray Materials

SPRAY CHEMICALS

Vreeland's "Electro" Arsenate of Lead, "Electro" Calcium Arsenate and "Electro" Bordo Powder are the best grade spraying materials that I can procure. Get my prices and analysis before buying elsewhere. You only have to use 2 to 4 lbs. to 50 gals. of water of the Arsenates, and 5 to 6 lbs. of the Bordo Powder. These powders come packed in different sized pkgs. this year, at the same price per lb. as a 100 or 200 lb. drum and are much easier to handle.

Riches-Piver Arsenates are of very fine quality and are standard goods. This firm was the first to produce the Calcium Arsenate and they claim that it is outselling the Arsenate of Lead in many Potato growing sections. It has a slightly higher Arsenic (metallic) content, is fluffier and stays in solution longer than the lead, and as you can see is a little lower in price.

The prices on all Insecticides and Spraying Material quoted below are net cash. Time prices are a matter of correspondence.

Arsenate of Lead

Vreeland's "Electro" brand. The standard of quality. Per 25 lb. pkg., 24c per lb.

Vreeland's Arsenate of Lead packed in 5 lb. bags, 10 to a case. 5 lbs. or more at 24c per lb.

Vreeland's Arsenate of Lead, 1 to 4 lbs. at 28c per lb.

Riches-Piver Arsenate of Lead. In 100 lb. drums. 25 lbs. or more at 22c per lb.

Calcium Arsenate

A light, fluffy powder, stronger than the Arsenate of Lead.

Vreeland's "Electro" Brand. Arsenic Oxide not less than 40%. 25 lb. Pkg. at 20c per lb. Packed in 5 lb. bags, 10 to a case, 5 lbs. or more at 20c per lb. 1 to 4 lbs. at 22c per lb.

Riches-Piver Calcium Arsenate. Packed in 100 lb. drums, 25 lbs. or more at 18c per lb.

Vreeland's "Electro" Dry Powdered Bordo Mixture

This mixture contains not less than 18% copper and is very finely ground. Use 5 or 6 lbs. to 50 gals. water, for control of Blight and Fungus. Packed in 5 lb. bags, 10 to a case, 5 lbs. or more at 18c per lb. 1 to 4 lbs. at 20c per lb.

Vreeland's "Electro" Dry Powdered Bordo-Lead Mixture

This is a mixture of Dry Arsenate of Lead and Powdered Bordo. It controls Blight and kills the bugs at the same time. Also good for dusting Tomatoes and other plants for Fleas and Lice. They cannot live in a heavy dusting of this.

Packed in 5 lb. bags, 10 to a case, 5 lbs. or more at 23c per lb. 1 to 4 lbs. at 25c per lb.

Soaking Seed Corn in Bordo-Lead is a sure cure for birds pulling the corn.

Dry Powdered Lime-Sulphur

Finely powdered. Mix about 12 to 15 lbs. with 45 gals. water and use it as a Dormant Spray. Use 3 to 5 lbs. for a Summer Spray.

Packed in a 100 lb. drum, per 100 lbs. \$15.00. Packed in a 25 lb. drum, 25 lbs. at 17c per lb. 5 to 24 lbs. at 20c per lb. 1 to 4 lbs. at 25c per lb.

Please use my order sheet in ordering and order by number and name. More order sheets and envelopes will be sent on request.

SCALECIDE

THE COMPLETE DORMANT SPRAY

"Makes a Tree Outgrow Its Troubles"

The Wonderful Oil Spray for dormant use.

Orders taken for any of the quantities quoted below. I do not carry a full line in stock but will do so as soon as the demand warrants it. Send for "The Ounce of Prevention" giving full details about Scalescide, directions for using and as good a spraying calendar as you can find anywhere. It is free for the asking.

50 gal. bbls. Delivered anywhere on Long Island at72c per gal.
30 gal. bbl. Delivered anywhere on Long Island at86 2-3c per gal.
5 gal. cans, 2 cans to a case, delivered anywhere on L. I.,	\$1.06 per gal.
5 gal. cans, 1 to a case, delivered anywhere on L. I. at	\$1.25 per gal.
1 gal. cans, at the Farm, at	\$1.40
1 qt. cans, per qt. at the Farm60
Per Gal. at the Farm; bring your own containers90

SULFOCIDE

The "Better Summer Spray." Simple, effective and easy to apply. Use 1 qt. to 50 gals. water, with $\frac{1}{2}$ lb. Kayso, and go ahead.

Per qt. can 90c. Larger quantities at a lower price.

Send for descriptive circular.

Use KAYSO in All Your Sprays for All Spraying

KAYSO makes the spray spread in an even, unbroken coat over every surface, thereby giving better control of pests and diseases—makes the spray mixture or solution apply easily and cover quickly—causes the spray to set instantly and dry rapidly without excessive run-off waste—gives increased coverage. The surface wets instantly—the film becomes fixed the moment it forms—it does not drain or continue to spread, or get thinner.

Try a small amount in some of your spray work, and prove its worth in an actual test. Use it in your dormant spray as well as in the Summer Spray. In the Field as well as in the Orchard.

Packed in the following sizes:

	Lb.
100 lb. Sacks	\$.20
50 lb. Sacks21
10 lb. Sacks (12 to case or separately)25
2 lb. Packages (36 to case or separately)30
8 oz. Package (tin container; 24 to case or separately) Each	.30

Hall's Nicotine Sulphate

The Liquid Spray that controls the Plant Lice or Aphis. The same as Black Leaf 40. Put $\frac{1}{2}$ lb. to 50 gals. water, add 6 or 8 oz. of Kayso and you have one of the best controls there is for sucking insects.

Per 1 oz. Bottle	\$.35
Per $\frac{1}{2}$ lb. Tin	1.25
Per 2 lb. Tin	3.50
Per 10 lb. Tin	13.50

Leggitt's Nicotine Dust

The dry powdered Nicotine Sulphate. Dust it on in the heat of the day and it forms a gas and will kill all insects, if thoroughly applied. Per lb. 25c; 10 lbs. at 22c per lb.; 100 lb. drums at 19c per lb.

Tobacco Dust

Fine ground. Used for dusting plants for Aphis and Fleas, hens' nests, etc. Per lb. 10c; per 10 lbs. 70c; per 100 lb. bag \$5.50.
2 lbs. packed in a can for dusting, 30c.

Fine Ground Sulphur

For dusting Potatoes, Spraying and spreading on the land for Potato Scab.

Sublime Sulphur. The finest and purest. 100% pure. 1 to 4 lbs. at 10c per lb.; 5 to 99 lbs. at 7c per lb.; 100 lb. bags at $5\frac{1}{2}$ c per lb.

Commercial Sulphur. 99 $\frac{1}{2}$ % pure. Use one lb. of this to 1 bu. of seed as you cut your potatoes and you will gradually work out of the Scab. 1 to 4 lbs. at 7c per lb.; 5 to 99 lbs. at 4c per lb.; 100 lb. bag at 2 $\frac{3}{4}$ c per lb.

Carbola

For spraying henhouses, duck sheds, stables, barns, cellars, kennels, etc. It comes in powder form, and mixes easily with water, 1 lb. to one gal. Send for descriptive circular, giving full directions, prices, etc. Trial package 35c postpaid; 10 lb. package \$1.20, postage 16c extra; 50 lb. bag \$4.75, cash with order. Not mailable.

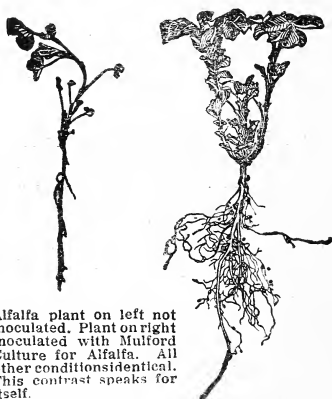

Blue Vitriol

For making Bordeaux Mixture. Use 5 lbs. Blue Vitriol, 5 lbs. Ivory Lime to 50 gals water. Dissolve the Vitriol in water over night. 10 lbs. 80c; 100 lbs. \$7.00; 450 lb. bbl. at 6c per lb. cash. Time price, 1c per lb. higher.

Ivory Spraying Lime

This is the very finest and smoothest Spraying Lime there is. There are other kinds a little cheaper, perhaps, but what is a few cents per bag when you have to get off the sprayer every round and clean your nozzles out? Users of Ivory Lime seldom have to do that. Per 10 lbs. 20c; per 50 lb. bag 75c; in 10 bag lots at 72c per bag, cash. Time price 10c per bag higher.

MULFORD CULTURES

Alfalfa plant on left not inoculated. Plant on right inoculated with Mulford Culture for Alfalfa. All other conditions identical. This contrast speaks for itself.

If your crops of Clover, Alfalfa, Lima Beans, Garden Beans, Peas, Sweet Peas and other Legumes do not thrive, it indicates that your soil is lacking in Bacteria. Mulford Cultures used on the seed will supply these very necessary Bacteria.

If you use a little lime on your soil and Mulford Cultures on your seed there is no kind of Legume that you cannot grow.

These Cultures are the best that science can produce as the Mulford Co. manufacture vaccines, etc., for the U. S. Government.

There is a different Culture for each of the different kinds of Legumes, so be sure to state what crop you wish to inoculate.

Cultures for Garden, Field and Cow Peas, Garden Beans, Lima Beans, Clovers, Alfalfa, Soy Beans and Sweet Peas always on hand. Other kinds can be gotten on very short notice.

	Each
Garden size bottle	\$.35
¼ acre size bottle75
1 acre size bottle	1.50
5 acre size bottle	5.00

Booklet telling all about these Cultures sent free on request.

AUTO KANT-KLOG SPRAY PUMPS

Have a stock of these handy Sprayers listed below on hand and can get you any kind or size you might want on very short notice.

AUTO-SPRAY NO. 26-C. A small Hand Sprayer, well made and durable. Suitable for spraying a small plant bed, flowers, cattle, or anywhere that you do not use more than a pail of spraying material. Each \$1.50.

AUTO-SPRAY No. 9-B. A good sized Compressed Air Sprayer. For a farmer who has a good sized plant bed, chicken house or garden. Each \$6.00. 2 ft. Brass extension 60c. Brass elbow extension 45c. Send for descriptive circular.

GARDEN FERTILIZER

Have a special Garden Mixture, analyzing 6% Ammonia, 8% Phos. Acid and 5% Potash and have it put up in the following sized pkgs. at prices quoted:

Per 10 lb. bag 50c; per 25 lb. bag \$1.25; per 125 lb. bag \$4.00

SHEEP MANURE

Fine for Lawns and Flower Beds. Per 10 lb. bag \$1.00; per 100 lb. bag \$5.00. Special price by the ton.

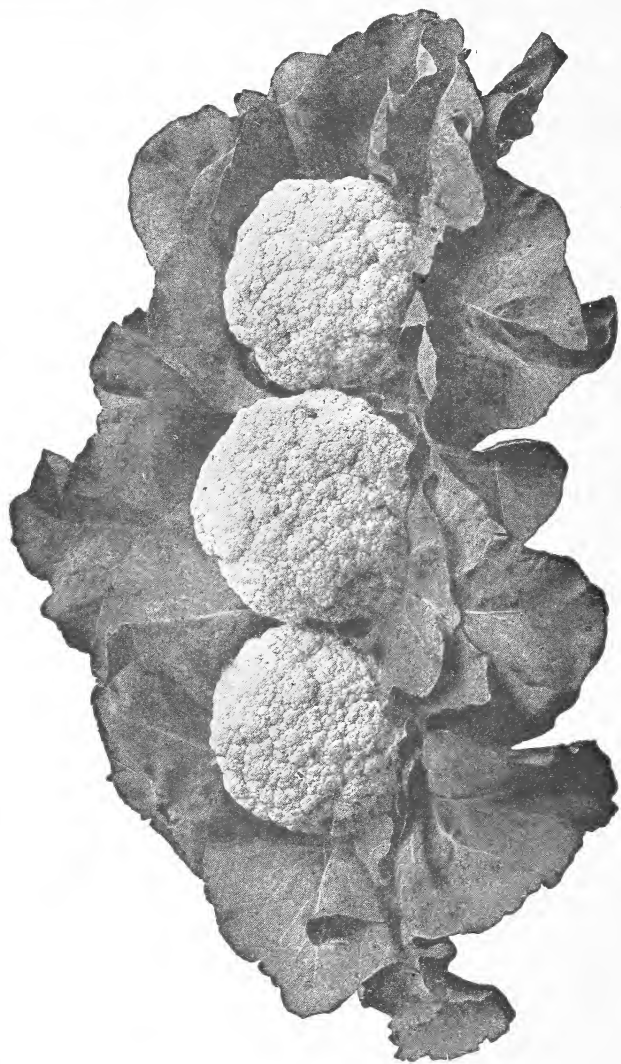

BONE MEAL

One of the best fertilizers for Lawns, Roses and other Flowers. Same price as Sheep Manure.

If you do not know where STERLING FARM is, simply follow the Main Road east through Cutchogue Village, then turn up a short lane to the left at the east side of Moore's Garage. Coming from the east our lane is to your right, 30 rods before you get to the M. E. Church, the first church you come to after you leave Southold.
